

Chapter 10

PETS

[24 CFR 5, Subpart C; 24 CFR 960, Subpart G]

INTRODUCTION

This chapter explains the PHA's policies on the keeping of pets and describes any criteria or standards pertaining to the policies. The rules adopted are reasonably related to the legitimate interest of the PHA to provide a decent, safe and sanitary living environment for all tenants, and to protect and preserve the physical condition of the property, as well as the financial interest of the PHA.

The chapter is organized as follows:

Part I: Service Animals and Assistance Animals. This part explains the difference between service animals, assistance animals, and pets, and contains policies related to the designation of a service animal or assistance animal as well as their care and handling.

Part II: Pet policies for all developments. This part includes pet policies that are common to both elderly/disabled developments and general occupancy developments.

Part III: Pet deposits and fees for elderly/disabled developments. This part contains policies for pet deposits and fees that are applicable to elderly/disabled developments.

Part IV: Pet deposits and fees for general occupancy developments. This part contains policies for pet deposits and fees that are applicable to general occupancy developments.

PART I: SERVICE ANIMALS AND ASSISTANCE ANIMALS

[Section 504; Fair Housing Act (42 U.S.C.); 24 CFR 5.303; 24 CFR 960.705;
Notice FHEO 2013-01]

10-I.A. OVERVIEW

This part discusses situations under which permission for a service animal or an assistance animal may be denied, and also establishes standards for the care of service and assistance animals.

Notice FHEO 2013-01 was published April 25, 2013. The notice explains the difference between service animals and assistance animals. While the ADA applies to the premises of public housing agencies and to “public accommodations” such as stores and movie theaters, it does not apply to private-market rental housing. Therefore, in public housing the PHA must evaluate a request for a service animal under both the ADA and the Fair Housing Act. Service animals are limited to trained dogs.

Neither service animals nor assistance animals are pets, and thus, are not subject to the PHA’s pet policies described in Parts II through IV of this chapter [24 CFR 5.303; 960.705; Notice FHEO 2013-01].

10-I.B. APPROVAL OF SERVICE ANIMALS AND ASSISTANCE ANIMALS

This section contains the PHA's policies for the approval of service animals and assistance animals.

PHAs may only deny a request for a service animal in limited circumstances:

- The animal is out of control and the handler does not take effective action to control it
- The animal is not housebroken, or
- The animal poses a direct threat to health or safety that cannot be eliminated or reduced by a reasonable modification of other policies

The owner will sign the Owner's Commitment to responsible pet ownership agreement in advance before placement of the animal will be allowed. If the animal is not within the standards of the agreement, permission to place in the animal will be denied. If after the agreement is signed and the owner and/or animal is non compliant with the agreement, the HA will require the animal be removed from the unit.

Disapproval of assistance animals is only permitted if the PHA can show, through reliable objective evidence, that the animal poses a direct threat to health and safety or would cause substantial property damage [PH GB, p. 179].

PHAs have the authority to regulate service animals and assistance animals under applicable federal, state, and local law [24 CFR 5.303(b)(3); 960.705(b)(3)]. As an example, permission would not be given for an assistance animal that is not allowed under local animal laws, such as a tiger.

For an animal to be excluded from the pet policy and be considered a service animal, it must be a trained dog, and there must be a person with disabilities in the household who requires the dog's services.

For an animal to be excluded from the pet policy and be considered an assistance animal, there must be a person with disabilities in the household, and the family must request and the PHA approve a reasonable accommodation in accordance with the policies contained in Chapter 2.

10-I.C. CARE AND HANDLING

PHAs have the authority to regulate service animals and assistance animals under applicable federal, state, and local law [24 CFR 5.303(b)(3); 960.705(b)(3)].

Residents must care for service animals and assistance animals in a manner that complies with state and local laws, including anti-cruelty laws.

Residents must ensure that service animals and assistance animals do not pose a direct threat to the health or safety of others, or cause substantial physical damage to the development, dwelling unit, or property of other residents.

When a resident's care or handling of a service animal or assistance animal violates these policies, the PHA will consider whether the violation could be reduced or eliminated by a reasonable accommodation (such as transfer out of high-rise to a low-rise that is designated elderly/disabled). If the PHA

determines that no such accommodation can be made, the PHA may withdraw the approval of a particular service or assistance animal.

PART II: PET POLICIES FOR ALL DEVELOPMENTS

[24 CFR 5, Subpart C; 24 CFR 960, Subpart G]

10-II.A. OVERVIEW

The purpose of a pet policy is to establish clear guidelines for ownership of pets and to ensure that no applicant or resident is discriminated against regarding admission or continued occupancy because of ownership of pets. It also establishes reasonable rules governing the keeping of common household pets. This part contains pet policies that apply to all developments.

10-II.B. MANAGEMENT APPROVAL OF PETS

Registration of Pets

Pets must be registered with the PHA before they are brought onto the premises.

Registration includes documentation signed by a licensed veterinarian or state/local authority that the pet has received all inoculations required by state or local law, and that the pet has no communicable disease(s) and is pest-free. This registration must be renewed annually and will be coordinated with the annual reexamination date.

Pets will not be approved to reside in a unit until completion of the registration requirements.

Refusal to Register Pets

The PHA will refuse to register a pet if:

The pet is not a *common household pet* as defined in Section 10-II.C. below

Keeping the pet would violate any pet restrictions listed in this policy

The pet owner fails to provide complete pet registration information, or fails to update the registration annually

The applicant has previously been charged with animal cruelty under state or local law; or has been evicted, had to relinquish a pet or been prohibited from future pet ownership due to pet rule violations or a court order

The PHA reasonably determines that the pet owner is unable to keep the pet in compliance with the pet rules and other lease obligations. The pet's temperament and behavior may be considered as a factor in determining the pet owner's ability to comply with provisions of the lease.

If the PHA refuses to register a pet, written notification will be sent to the pet owner within 10 business days of the PHA's decision. The notice will state the reason for refusing to register the pet and will inform the family of their right to appeal the decision in accordance with the PHA's grievance procedures.

Pet Agreement

Residents who have been approved to have a pet must enter into a pet agreement with the PHA, or the approval of the pet will be withdrawn.

The pet agreement is the resident's certification that he or she has received a copy of the PHA's pet policy and applicable house rules, that he or she has read the policies and/or rules, understands them, and agrees to comply with them.

The resident further certifies by signing the pet agreement that he or she understands that noncompliance with the PHA's pet policy and applicable house rules may result in the withdrawal of PHA approval of the pet or termination of tenancy.

10-II.C. STANDARDS FOR PETS [24 CFR 960.705(b); 5.318]

PHAs may establish reasonable requirements related to pet ownership including, but not limited to:

- Limitations on the number of animals in a unit, based on unit size
- Prohibitions on types of animals that the PHA classifies as dangerous, provided that such classifications are consistent with applicable state and local law
- Prohibitions on individual animals, based on certain factors, including the size and weight of the animal
- Requiring pet owners to have their pets spayed or neutered

PHAs may not require pet owners to have any pet's vocal cords removed.

Definition of "Common Household Pet"

There is no regulatory definition of common household pet for public housing programs, although the regulations for pet ownership in both elderly/disabled and general occupancy developments use the term. The regulations for pet ownership in elderly/disabled developments expressly authorize PHAs to define the term [24 CFR 5.306(2)].

Common household pet means a domesticated animal, such as a dog, cat, bird, or fish that is traditionally recognized as a companion animal and is kept in the home for pleasure rather than commercial purposes.

The following animals are not considered common household pets:

- Reptiles
- Rodents
- Insects
- Arachnids

Wild animals or feral animals

Pot-bellied pigs

Chickens/ducks

Rabbits

Animals used for commercial breeding

Pet Restrictions

The following animals are not permitted:

Any animal whose adult weight will exceed 30 pounds

Dogs of the pit bull, Rottweiler, German Shepherd, Doberman Pincher, husky, malamute, wolf hound, mastiff, great Dane, wolf, coyote, chow, boxer breeds or any mix there of.

Ferrets or other animals whose natural protective mechanisms pose a risk to small children of serious bites or lacerations

Any animal not permitted under state or local law or code

Number of Pets

Residents may own a maximum of 1 pet.

In the case of fish, residents may keep no more than can be maintained in a safe and healthy manner in a tank holding up to 10 gallons. Such a tank or aquarium will be counted as 1 pet.

Other Requirements

Dogs and cats must be spayed or neutered at the time of registration or, in the case of underage animals, within 30 days of the pet reaching 6 months of age. Exceptions may be made upon veterinary certification that subjecting this particular pet to the procedure would be temporarily or permanently medically unsafe or unnecessary.

Pets must be licensed in accordance with state or local law. Residents must provide proof of licensing at the time of registration and annually, in conjunction with the resident's annual reexamination.

10-II.D. PET RULES

As noted earlier in this chapter, PHAs have broad discretion in establishing pet policies. Different or varying guidelines may be appropriate locally, and pet policies must comply with applicable local laws. (*PH Guidebook, p. 183*)

Pet Area Restrictions

Pets must be maintained within the resident's unit. When outside of the unit (within the building or on the grounds) dogs and cats must be kept on a leash or carried. They must be under the control of the resident or other responsible individual at all times.

Pets other than dogs or cats must be kept in a cage or carrier when outside of the unit.

Pets are not permitted in common areas including lobbies, community rooms and laundry areas except for those common areas which are entrances to and exits from the building.

Pet owners are not permitted to exercise pets or permit pets to deposit waste on project premises outside of the areas designated for such purposes.

Designated Pet/No-Pet Areas [24 CFR 5.318(g), PH GB, p. 182]

PHAs may designate buildings, floors of buildings, or sections of buildings as no-pet areas where pets generally may not be permitted. Pet rules may also designate buildings, floors of building, or sections of building for residency by pet-owning tenants.

PHAs may direct initial tenant moves as may be necessary to establish pet and no-pet areas. The PHA may not refuse to admit, or delay admission of, an applicant on the grounds that the applicant's admission would violate a pet or no-pet area. The PHA may adjust the pet and no-pet areas or may direct such additional moves as may be necessary to accommodate such applicants for tenancy or to meet the changing needs of the existing tenants.

PHAs may not designate an entire development as a no-pet area, since regulations permit residents to own pets.

PHA Policy

With the exception of common areas as described in the previous policy, the PHA has not designated any buildings, floors of buildings, or sections of buildings as no-pet areas. In addition, the PHA has not designated any buildings, floors of buildings, or sections of buildings for residency of pet-owning tenants. However, in the case of dogs (except approved service animals) residents in high-rises that meet the criteria for an assistance pet will be offered a transfer to a low-rise unit designated elderly/disabled. With the exception of service animals, dogs are not permitted in high-rise units.

Cleanliness

The pet owner shall be responsible for the removal of waste from the exercise area.

The pet owner shall take adequate precautions to eliminate any pet odors within or around the unit and to maintain the unit in a sanitary condition at all times.

Litter box requirements:

Pet owners must promptly dispose of waste from litter boxes and must maintain litter boxes in a sanitary manner.

Litter shall not be disposed of by being flushed through a toilet.

Litter boxes shall be kept inside the resident's dwelling unit.

Alterations to Unit

Pet owners shall not alter their unit, patio, premises or common areas to create an enclosure for any animal.

Installation of pet doors is prohibited.

Noise

Pet owners must agree to control the noise of pets so that such noise does not constitute a nuisance to other residents or interrupt their peaceful enjoyment of their housing unit or premises. This includes, but is not limited to loud or continuous barking, howling, whining, biting, scratching, chirping, or other such activities.

The Housing will not require and does not advocate removal of voice box in any dog.

Pet Care

Each pet owner shall be responsible for adequate care, nutrition, exercise and medical attention for his/her pet.

Each pet owner shall be responsible for appropriately training and caring for his/her pet to ensure that the pet is not a nuisance or danger to other residents and does not damage PHA property.

No animals may be tethered or chained inside or outside the dwelling unit at any time.

Responsible Parties

The pet owner will be required to designate two responsible parties for the care of the pet if the health or safety of the pet is threatened by the death or incapacity of the pet owner, or by other factors that render the pet owner unable to care for the pet.

A resident who cares for another resident's pet must notify the PHA and sign a statement that they agree to abide by all of the pet rules.

Pets Temporarily on the Premises

Pets that are not owned by a tenant are not allowed on the premises. Residents are prohibited from feeding or harboring stray animals.

This rule does not apply to visiting pet programs sponsored by a humane society or other non-profit organizations, and approved by the PHA.

All visiting pets must meet the breed and weight requirements in this pet policy. Before a pet can visit temporarily (no more than two weeks and no more than 30 cumulative days per calendar year) on property, written approval from the PHA must be given.

Pet Rule Violations

All complaints of cruelty and all dog bites will be referred to animal control or applicable agency for investigation and enforcement.

If a determination is made on objective facts supported by written statements, that a resident/pet owner has violated the pet rules, written notice will be served.

The notice will contain a brief statement of the factual basis for the determination and the pet rule(s) that were violated. The notice will also state:

That the pet owner has 10 business days from the effective date of the service of notice to correct the violation or make written request for a meeting to discuss the violation;

That the pet owner is entitled to be accompanied by another person of his or her choice at the meeting; and

That the pet owner's failure to correct the violation, request a meeting, or appear at a requested meeting may result in initiation of procedures to remove the pet, or to terminate the pet owner's tenancy.

Notice for Pet Removal

If the pet owner and the PHA are unable to resolve the violation at the meeting or the pet owner fails to correct the violation in the time period allotted by the PHA, the PHA may serve notice to remove the pet.

The notice will contain:

A brief statement of the factual basis for the PHA's determination of the pet rule that has been violated

The requirement that the resident /pet owner must remove the pet within 30 calendar days of the notice

A statement that failure to remove the pet may result in the initiation of termination of tenancy procedures

Pet Removal

If the death or incapacity of the pet owner threatens the health or safety of the pet, or other factors occur that render the owner unable to care for the pet, the situation will be reported to the responsible party designated by the pet owner.

If the responsible party is unwilling or unable to care for the pet, or if the PHA after reasonable efforts cannot contact the responsible party, the PHA may contact the appropriate state or local agency and request the removal of the pet.

Termination of Tenancy

The PHA may initiate procedures for termination of tenancy based on a pet rule violation if:

The pet owner has failed to remove the pet or correct a pet rule violation within the time period specified

The pet rule violation is sufficient to begin procedures to terminate tenancy under terms of the lease

Emergencies

The PHA will take all necessary steps to ensure that pets that become vicious, display symptoms of severe illness, or demonstrate behavior that constitutes an immediate threat to the health or safety of others, are immediately removed from the premises by referring the situation to the appropriate state or local entity authorized to remove such animals.

If it is necessary for the PHA to place the pet in a shelter facility, the cost will be the responsibility of the pet owner.

If the pet is removed as a result of any aggressive act on the part of the pet, the pet will not be allowed back on the premises.

PART III: PET DEPOSITS AND FEES IN ELDERLY/DISABLED DEVELOPMENTS

[24 CFR 5.318(d)]
